INTRODUCTION

In 2013, Capital Metro and Capital Area Rural Transportation System (CARTS) created the Office of Mobility Management (OMM), which focuses on closing gaps in service by working with local jurisdictions, coordinating with service providers and implementing new transportation tools in ten counties.

Service Expansion Policy

The Policy provides a process for distributing federal transit funding in the region (Section 5307 funds) and implementing transit service. Jurisdictions within the urbanized area, but outside the Capital Metro service area can participate.

Transit Development Plan (TDPs)

The program requires cities to first complete a Transit Development Plan (TDP) to identify transit service needs and assist in developing transit alternatives and financing. Six jurisdictions have adopted transit plans.

Interlocal Agreements (ILAs)

Three jurisdictions have entered into Interlocal Agreements (ILAs) with Capital Metro for service planned through the TDP process.
