

Questionnaire for Virtual Training on One-Call/One-Click (OC/OC) Systems

Eligibility: Whenever the terms "state-level" or "state" are used in any section of the questionnaire, regional areas that function across state lines are also included (see details on eligibility in the Announcement and Solicitation of Interest).

Supplemental documents: A number of the questions that follow involve submitting supplemental documents (references, additional information, etc.). These should be submitted by email to onecall@nc4mm.org via attachment or link by the questionnaire due date.

State-level Information

300 word limit Describe the top needs in your state for OC/OC efforts. Provide supporting information, such as data, anecdotes, reports, etc. to further explain your points. *

Your answer

What type(s) of support is your organization prepared to contribute to help local communities, in the event they are selected for the training opportunity? *

- State-level funding opportunities (priority for state-level funds to help carry out planning and implementation of OC/OC systems)
- State-level coordination support and leadership (convene multiple organizations periodically with an aim to integrate efforts whenever possible, potentially to seed state-wide efforts in the present or future)
- State-level technical assistance/guidance (leverage staff skills of your organization to assist local/regional organizations)
- State-level OC/OC policy support
- State-level OC/OC pilot project assistance
- Other (describe below)

If your state is selected, what type(s) of state-wide collaboration and integration might be fostered as a result? *

- Local communities may become interested in setting up new or expanding existing OC/OC systems, and these efforts would have some level of state-wide integration.
- One community might be a step ahead of the other in its OC/OC system development and can act as an informal mentor to another community getting started, establishing the basics of a state-wide mentorship effort.
- The state is planning a state-wide OC/OC initiative and is looking for a place to start or expand as well as paths forward for involving multiple communities.
- Other (describe below)

300 word limit If there are further details you'd like to provide for this section, provide them below. If you answered "other" in the questions above, elaborate on what this would entail.

* Required

Current Status of OC/OC Efforts within the State

200 word limit Describe the current level of OC/OC development within the state in your own words, providing weblinks and other relevant references for further detail. *

Your answer

600 word limit Provide two to four specific examples of communities that help illustrate that development within the state. Provide details that indicate a) they are ready to begin an OC/OC project, b) steps each community has already taken, and c) what steps they plan to take in the future (if known). Provide weblinks and other relevant references for further detail to help support this illustration, as available. *

Your answer

200 word limit For each community, share the leading organization's name, physical address, and website. *

Your answer

600 word limit If possible, have a staff member from each leading organization (one for each of the two to four communities) provide a brief summary that a) indicates they agree with the characterization provided above about their community's OC/OC efforts, b) provides additional information from their own perspective, and c) indicates that if their state is selected, they are interested to participate in the upcoming virtual training opportunity.

Questionnaire for Virtual Training on One-Call/One-Click (OC/OC) Systems

* Required

Points of Agreement

Would one staff member from your organization be able to take part in the 3-5 training sessions, each session of 1.5 hours in duration, to be scheduled during November 2021 through February 2022? *

Yes

No

Would one staff member from your organization assist NCMM in "part two" of the selection process, at the community level? This assistance would primarily consist of compiling a list of relevant email addresses, so that NCMM can ask communities to submit their applications for the training opportunity. *

Yes

No

A copy of your responses will be emailed to the address you provided.
